We are delighted to present the latest David Shrigley x Brainbox Candy catalogue featuring a glorious collection of cards, mugs, postcards, coasters, notebooks and much more.

An incredibly distinctive artistic style, his work conjures up ironic comments on everyday situations and human interactions. His perceptive drawings and texts are typically deadpan in their humour and reveal chance declarations like snippets of over-heard conversations. Recurring themes and random musings permeate his story telling, often capturing childlike views of the world. Whilst drawing is at the core of his work, he is also prolific in various other mediums including sculpture, large-scale installations, painting, animation, photography and music. He is consistently looking to expand his public by operating regularly outside of the gallery territory such as in artist publications and musical collaborations.

In September 2016, David's Fourth Plinth Commission in Trafalgar Square was unveiled. Standing at seven metres high, the 'Really Good' thumbs up sculpture was a refreshing and wonderfully optimistic addition to the famous landmark. Shrigley was a Turner Prize nominee in 2013, following his major mid-career retrospective at the Hayward Gallery, London entitled 'Brain Activity'.

Featured in prominent collections internationally including the Museum of Modern Art, New York; National Gallery of Victoria, Melbourne, Australia; Pinakothek der Moderne, Munich, Germany; Art Institute of Chicago, Illinois;

Statens Museum for Kunst, Copenhagen; Museum Ludwig, Cologne, Germany; Thyssen-Bornemisza Contemporary Art Foundation, Vienna; Scottish National Gallery of Modern Art, Edinburgh; Tate, London; and The British Council, London.
