Your money helps us fund hundreds of top scientists all over the UK, working on more than a thousand different research projects.

They're all fighting to help heart patients: finding new, better treatments for people with heart disease, and developing new ways to better prevent or diagnose it.

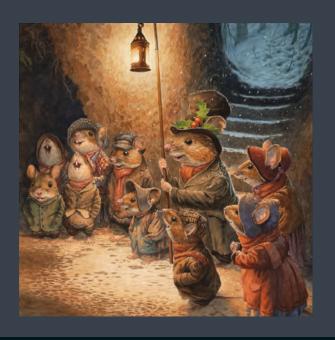

Helen Ahpornsiri's unique images are made by hand from hundreds of leaves and flowers, with traditional flower-pressing methods. The plants are then delicately arranged into bold new shapes and forms, capturing a perfect moment in time.

Wind Willingthe Willows

Chris Dunn is a British watercolour artist and illustrator. His anthropomorphic animals, and illustrations for 'The Wind in the Willows' by Editions Caurette, have gained him a strong following and major gallery representation in Paris.

Wildlife Photographer of the Year

Wildlife Photographer of the Year is widely acknowledged as the most prestigious wildlife photography contest in the world. The purpose of the competition is to move hearts and minds, ultimately creating advocates for the planet. Wildlife Photographer of the Year is owned by the Natural History Museum.

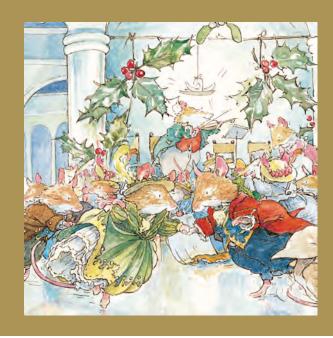

Paddington, the world-famous and much-loved bear, has never been more popular. He appears in our range as illustrated by Peggy Fortnum, the original artist for Michael Bond's books.

The Brambly Hedge book series are filled with beautifully detailed illustrations for Spring, Summer, Autumn and Winter. Created by Jill Barklem, the hedgerow community of mice have enthralled readers across the globe, with over 7 million copies sold worldwide.

For over 25 years Sam McBratney's timeless story, beautifully illustrated by Anita Jeram in gentle watercolours, has captured the hearts of children and adults alike.

Big Nutbrown Hare's heart-warming declaration 'I love you right up to the moon – AND BACK', has helped this story become a way of saying 'I love you' all over the world.

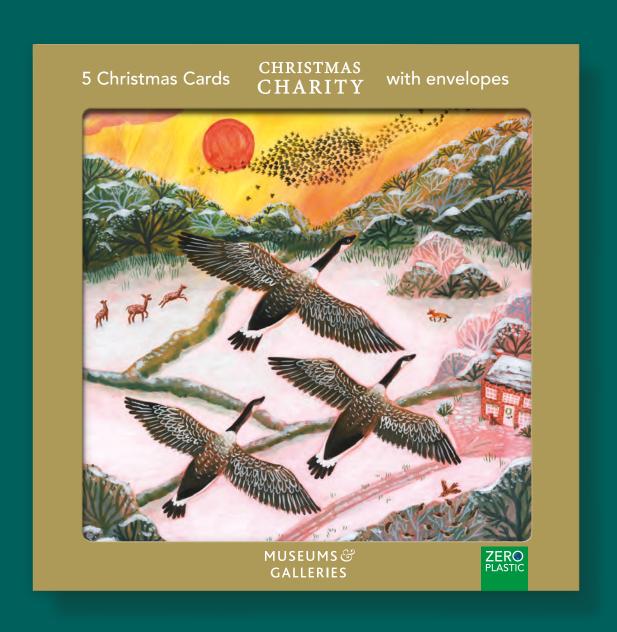

The finest festive mix.
